TRADE ANNOUNCEMENT

For Release September 29, 2009

Global Health Brokerage & Distribution Inc. is excited to announce that Jason Spring will be coming on board as the President effective October 1st 2009. Jason is familiar to many of you, having worked as the National Sales Manager with another Brokerage for 4 year years. Global is a strong company and we recognize that Jason has the determination, motivation and skill set to propel Global forward in the years to come.

Effective October 1st, Jason will be assuming all responsibilities at Global and will be the primary contact in all matters. The Global Sales Team will remain in place, likely with two new positions being added! I have thoroughly enjoyed building Global over the last 3 years, but I'm also excited to be able to focus more intently on a couple of other business ventures. I will continue to be involved at Global, though behind the scenes in a consulting role.

Thank you for your support over the years. You are being left in most capable hands, and I won't ever be too far away, so please feel free to drop me a line to say hello. And of course I'll see many of you in Toronto for CHFA, so do come by our booths and say hi to me and Jason.

Sincerely yours,

Angele Miller

C.O.O.

Global Health Brokerage & Distribution Inc
