SUNSCREEN TECHNICAL INFO

A Guide to our Sunscreen Claims and Certifications

What's New about Badger Sunscreens?

- One of the best-selling natural sunscreens of 2010!
- All SPF 30 sunscreens are now SPF 30+ (testing yielded an average of SPF 36).
- Now using uncoated non-nano Zinc Oxide in all of our sunscreen products.
- Now Certified Natural by the NPA.
- UVA protection tested as 'Superior 4 stars/PA+++'.
 • With improved methods we're using 10% less zinc oxide while providing the same high SPF.
- SPF 30+ Face Stick is now 'Very Water Resistant' = retains SPF after 80 minutes in the water.
- Antioxidant Vitamin E (naturally derived) added for preservation.
- BPA and Phthalate free packaging made from >50% PRC #2 plastic (easily recyclable).
- Our new Baby Sunscreen is pediatrician tested to ensure it is safe for the most sensitive skin.

Badger Sunscreens:

- Safe for the environment and marine ecosystems.
- Our natural formula has earned top ratings for safety and efficacy by the Environmental Working Group.
- Protects with Zinc Oxide, not chemicals or Titanium Dioxide.
- Water resistant for at least 40 minutes - doesn't drip and sting eyes.
- Broad spectrum protection from both UVA and UVB rays.
- Protects skin in cold weather or water.
- Waterless base of Organic Extra Virgin Olive Oil, Beeswax, Jojoba & Cocoa Butter is ultra-moisturizing and soothing (and less likely to freeze in cold weather).
- Starts working on application ... no waiting!
- Recommended worldwide!

 <p>Our zinc oxide particles are all larger than 100nm</p>	 <p>Independently tested to be effective after swimming or sweating.</p>
 <p>Excellent protection from damaging UVA & sunburning UVB rays.</p>	 <p>Leaping Bunny Certified Cruelty Free</p>
 <p>Certified natural by the Natural Products Association.</p>	 <p>Highest rating for UVA protection in Japan</p>
 <p>Boots Star Rating for Superior UVA protection</p>	<p>For more information about our Sunscreens, please visit our website: www.badgerbalm.com</p>
