

Badger SPF 30+ Baby Sunscreen

Safe, Effective, and Gentle

Key Features & Benefits

- Pediatrician tested and safe for babies.
- Top-rated for safety & effectiveness by the Environmental Working Group (EWG).
- SPF30+ Broad Spectrum protection from both UVA & UVB rays.
- Protects with the mineral zinc oxide:
 - Uncoated, non-nano sized particles (>100nm)
 - Safer and more effective than chemicals or titanium dioxide
- Environmentally friendly.
- Packaging is BPA and phthalate free, recyclable #2 plastic containing >50% PCR material.
- Certified Natural by the Natural Products Association.
- Ultra moisturizing base of organic oils and beeswax gently nourishes and protects delicate skin.
- Water and sweat resistant.
- Starts working on application (no waiting) and does not sting or drip into eyes.
- Badger's sunscreens have been recommended by the EWG, Consumer Reports, the Today Show, the CBS Early Show, SAFBaby.com, Daily Green, and numerous other sources.
- Contains calming extracts of Chamomile and Calendula.

What's so special?

Badger loves babies! We allow moms to bring their new babies to work and we formulate our baby products to be as safe, simple, natural and effective as possible. After all, we use them on our own babies! We've listened to moms' concerns about sunscreens and we formulated our new Baby Sunscreen to be totally safe for babies and the environment with superior broad spectrum protection using mineral zinc oxide. Our Baby Sunscreen has a mild scent of chamomile and calendula, and it can be used by the whole family. *Expect some whitening with full coverage of all natural zinc oxide sunscreens. The best protection from the sun is to avoid exposure during peak hours and to wear protective clothing and a hat.*

What's in it?

****Active Ingredient:** Non-nano, uncoated Zinc Oxide 18.75%

Other Ingredients: *Olea Europaea (**Extra Virgin Olive**) Oil, *Cera Alba (**Beeswax**), *Simmondsia Chinensis (**Jojoba**) Oil, *Theobroma Cacao (**Cocoa**) Butter, *Butyrospermum Parkii (**Shea**) Butter, Essential Oil of *Anthemis Nobilis (**Roman Chamomile**), Tocopherol (**Natural Vitamin E**), CO₂ extracts of *Calendula Officinalis (**Calendula**), and *Hippophae Rhamnoides (**Seabuckthorn**). * = *Certified Organic*
