

Badger Antioxidant Body Oils

Go beyond lotions and creams.

Body oil is the purest skin moisturizer: gentle, soothing, highly absorbent and completely compatible with your body's natural chemistry. Simple, whole, organic plant oils are good for your skin - they nourish and replenish the largest organ in your body. We've combined Organic Jojoba, Olive, and Pomegranate Oils for the sophisticated base of each Antioxidant Body Oil. These nutrient-rich oils soften skin and help reduce the appearance of wrinkles, stretch marks, and fine lines.

Key Features & Benefits

- Nurture your skin naturally with these delicate blends of sensuous and exotic oils, packed with plant based antioxidants, vitamins, essential fatty acids, and nutrients.
- Use daily in place of lotion or skin cream. Our body oils are the purest, most concentrated form of skin moisturizers - light and super absorbent, without any water, fillers, mineral oil, emulsifiers, or chemicals.
- Restore, balance, and nourish your naturally beautiful skin. Can be used for full body care or as a night time facial treatment.
- Experience the pore cleansing and balancing effects of Jojoba Oil, which is more compatible with our own naturally occurring skin oils than any other plant-based ingredient.
- USDA Certified Organic plant oils only. Packaged in non-leaching 118ml glass bottles. Individually boxed to protect the integrity of the oils.
