The Experts in Green Nutrition

MOTHER NATURE'S ANTI-AGING REMEDY

CARROT ESSENCE™

FEEL THE DIFFERENCE WITH 100% JUICE POWDER

CARROT ESSENCE™

Carrot Essence™ captures two of nature's best antioxidants, vitamin A (as beta-carotene) and vitamin C, in a delicious and naturally refreshing beverage.

HEALTH BENEFITS

Bioavailable Nutrients

Juice powder, no fiber: Carrot Essence™ is a juice extract, it does not contain indigestible fiber. The indigestible fiber in whole carrots locks in the beta-carotene and other important nutrients preventing our bodies from completely absorbing and utilizing them. Eating whole carrots only provides about 1% of the available beta-carotene while juicing provides nearly 100%.

Nutrient Dense: One serving (5g) of Carrot Essence™ is equivalent to the same nutrition as two fresh carrots.

Fresh and Organic

USDA Certified Organic: The fresh organic carrots are harvested at their nutritional peak, washed, juiced and then spray-dried in a temperature-controlled manner to stabilize their nutrients.

Powerful Antioxidants

Rich source of vitamin A: Carrot Essence™ provides approximately 138% of the RDA of vitamin A (as beta-carotene) in a single serving. Vitamin A supports normal function of the skin, eyes, immune system and liver. It is also essential for promoting strong teeth and bones. *

Non-toxic: Unlike vitamin A, beta-carotene is considered non-toxic, since our bodies make vitamin A from beta-carotene only when needed. When there is sufficient vitamin A in the body, the conversion of beta-carotene to vitamin A ceases.

More vitamin C than oranges: Acerola is prized for its naturally high vitamin C content. The small berries contain approximately 32 times more vitamin C by weight than an orange.

Fast and Easy to Use

Carrot Essence™ is perfectly suited for modern day life - it's portable and easy to use. It is a healthful way to boost your nutrition at any time with a delicious carrot drink

that can be made in seconds without the hassle and clean up that juicing requires.

INGREDIENTS

Organic carrot juice powder, organic maltodextrin (a complex carbohydrate from tapioca), organic acerola berry juice powder
