GREEN FUSION®

UNSURPASSED NUTRITIONAL SUPPORT

GREEN FUSION®

Green Fusion® is a harmonized blend of bioavailable super foods that provide the utmost in nutrition. These superfoods provide an abundance of vitamins, minerals, essential fatty acids and proteins that the body needs for radiant health.

HEALTH BENEFITS

Digestive Health

30 Billion Probiotic Cells: Good health begins with good digestion and assimilation. Green Fusion® contains 30 billion dairy and soy free probiotics per serving. Probiotics are known to enhance immunity, assist in vitamin synthesis, transport minerals and promote healthy pH levels in the digestive tract.*

Enzyme Complex: Green Fusion®'s specially formulated enzyme blend was designed to help the body break down all categories of foods: carbohydrates, fats, proteins and fiber. In order for the body to function effectively it requires proper digestion of the foods we eat, so that it can absorb nutrients and convert them into energy.

Detoxification

All green foods assist in the body's detoxification process. Green Fusion®'s blend of certified organic cereal grass juice extracts, algae and leaf powders assist in detoxifying the body of unwanted heavy metals and other chemicals. Heavy metals and chemicals are everywhere - from the foods we eat to the air we breathe. Once they enter our bodies, they cause cellular damage by creating free radicals that are the cause of many diseases. Daily gentle cleansing of the body promotes good health and protection against disease.*

Immunity

The special adaptogens found in Green Fusion® are very effective in modulating immune system function which may assist the body in fighting stress and illness. Stimulating the immune system may increase the power of the body's fight against disease.*

Available Sizes: 5.2oz and 10.4oz.

Supplement Facts

Serving Size: 1 Scoop (9.8g)
