The Experts in Green Nutrition

PERFECTLY BALANCED GREEN NUTRITION

GREEN MAGMA®

DR. HAGIWARA'S ORIGINAL FORMULA SINCE 1969

GREEN MAGMA®

Over 40 years ago, Dr. Hagiwara discovered that organic young barley grass is the most nutritionally balanced food in nature. Green Magma® has sold in over 50 countries around the world to thousands of happy, healthy customers. Green Magma® contains over 100 beneficial phytonutrients including enzymes, vitamins, minerals, amino acids, protein, carotenoids, flavonoids and chlorophyll.

HEALTH BENEFITS

Healthy Digestion

Naturally alkaline: Green Magma® is a naturally alkaline, energizing drink powder made from the juice of organic young barley leaves. It is beneficial for the digestive system, enhances the metabolism and immunity, helps fight free radicals, and provides essential nutrients for cellular functioning.*

Broad based nutrition: Green Magma® provides essential nutrients for cellular function, growth and development, enhances metabolism and digestion, controls inflammation, protects against free radicals and toxins, and enhances the immune system.*

Chlorophyll

Naturally energizing: Through the process of photosynthesis, chlorophyll transforms sunlight into natural chemical energy, a biochemical process that is the basis of life because it produces our oxygen and food.

Gentle cleansing: Chlorophyll also helps to gently cleanse the body and promotes good digestion.*

Antioxidants

Natural energy booster: Two important carotenoid antioxidants, alpha- and beta-carotene help prevent free radical oxidation of the body's cells and regenerate other antioxidants including vitamin E.

Healthy skin and vision: Beta-carotene is a safe and natural source of vitamin A, a vitamin critical to maintaining healthy skin and vision.*

Active Enzymes

The low temperature process used in the manufacturing process does not destroy the many active enzymes in the barley. Rather than use extreme heat to dry the barley, like some of our competitors do, we use a low temperature process designed by Dr. Hagiwara himself.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

INGREDIENTS

Powdered juice from organic young barley grass, organic maltodextrin (a complex carbohydrate from tapioca), organic brown rice.

Contains no added sugar, salt, colorings, or fillers. Free of animal products, gluten, soy, wheat, corn and yeast.
