- BPA and Phthalate-free packaging made from >50%PCR
- Will comply with all new FDA Sunscreen guidelines by January 2012

What's so special?

By popular demand, we've created a sunscreen that is perfect for everyday use for both face and body, while meeting our high standards for safety and efficacy. This unscented formula has a light, moisturizing lotion base.

Our new lotion sunscreen contains USDA Certified Organic base ingredients with pure pharmaceutical grade non-nano Zinc Oxide and non-nano, naturally coated, Titanium Dioxide for excellent broad spectrum protection. Now it's easier than ever to use a safe and natural sunscreen!

Our new lotion sunscreen is safe for you and extensively tested to meet (and exceed) proposed FDA guidelines in 2012. In fact, we meet standards all over the world including Europe and Japan so your Badger sunscreen can go everywhere with you, and never let you down!

Note: For a water resistant option, check out our sunscreen creams.

What's in it? **Active Ingredient:** Non-Nano Uncoated Zinc Oxide 20.0%, Titanium Dioxide 1.75%. **Inactive Ingredients:** *Aloe Barbadensis (**Aloe**) Extract, *Sucrose Polysoyate (from **Soybean**), *Ethyl Palmate (from **Palm**), *Olea Europaea (**Extra Virgin Olive**) Oil, Aqua (**Purified Water**), Silica, *Sucrose Cocoate (from **Coconut**), *Glycerin (from **Palm**), *Citrus Medica Limonum (**Lemon**) Extract, Chondrus Crispus (**Carrageenan**) Extract, Xanthan Gum, and *Hydrolyzed Soy Protein (from Soybean). * = Certified Organic

† For more information on our Zinc Oxide and Titanium Dioxide, please visit our website or call us and speak to a live Badger.
